Opal. Dynasty. Stop.

No flame wars. I really don't want to be responsible for this.

Ok seriously stop. We don't want a flame war.

I read through the the thread and saw the comments.

I know this is a serious topic, but this is starting to turn into a flame war. Some people don't like LGBTQ, and some don't. But we could all at least be respectful to one another.

I'm not taking sides.

Everyone, were a community here, sure we have a small arguments and flame wars. But we're all still a close knit community and we should at least respect each other. People can express there feelings, the ones who disagree and agree. But at least we shouldn't dive head first into a pool of bloodthirsty pirihanas, that's dangerous.

We should respect one another's feelings and we shouldn't argue blindly, doing so we may harm someone's feelings.

But If I have offended anyone in anyway I apologize, I just don't like to see people argue... and get hurt...

Ha... ha...

If I shared any of my own thoughts on the matter, I'd probably start my own flame war. So, guys, just chill. We've already established that, while it is okay for people to feel uncomfortable about a subject and express this discomfort, reporting does no good and only causes conflict. There.

Opal, Dynasty, you're both being pretty passive aggressive towards each other. While i do have a bias, I will not share it. Please try to calm down for a moment.

I apologize if this post is unecessary.

Can we just say, people who don't like it, as soon as you see it on a post leave? Don't report it. Also, Dynasty and Opal, can you just stop fighting? We don't need anymore flame wars.

@Opal - actually, you're being aggressive right now, not just passive-aggressive. Dynasty is ready to drop it, you need to too. Let it go.

shouldn't the mods do something about this?, this is stupid to keep arguing about. We all have our own views, but there is no need to start a flamewar over any of it.
